

FORESIGHT

SWIFTSPACE

www.swiftspaceinc.com

1. Mobile Storage

Complete line of mobile pedestals, storage towers, and lateral files available.

2. Privacy Panel

Panels can be added to center or side of stations for increased privacy. Panels can be mounted above the surface for increased privacy or moved below for collaboration. Various materials available.

3. Accessories

Height-adjustable keyboard arms and trays and clamp-on monitor arms available for add-on.

4. Worksurface

Standard depth is 24" in a single or double configuration. Standard lengths are 48", 60", 72" or 96". Work surfaces can be individually leveled to create a straight line when stations are grouped.

5. Castor Cover

Hide casters when station is in use.

6. Power and Data

Comes standard with one detachable power bar that provides six electrical outlets and four USB outlets of surface power. Separate power/data trough to handle Swiftspace Plug & Play Power System and up to 40 data cables.

7. Visual Privacy

The mounting frame for center storage can be left open to allow for visual access to the other side. Can be filled with frosted acrylic, laminate, whiteboard, tackboard or EzoBord to increase privacy.

8. Accessory Rail

For mounting shelves, paper slots, and binder storage.

9. Attached Storage

Center and end storage is available as shared cubbies or full bins. Can be open, with dividers or with locking doors.
