

Dealer Showroom Program

Revised March 2021

In order to be successful in selling our product we believe it is important that the customer actually gets the “WOW” experience by seeing it in real life. This gives them the chance to see the mobility, the flexibility, the ease of set-up, and how well it is engineered.

With this in mind we are pleased to offer a Showroom Program to our authorized Dealers.

The program we are offering is a 50/40 discount plus freight on any station purchased by a Dealer for their showroom floor. After you sell 25 stations of any of the items in the product family (as outlined below) related to the sample you purchased we credit the cost of the sales sample back to your account.

Please work with your local Dealer to determine the product or products that will be the best fit for your business.
