Freight Rates

Swiftspace workspaces ship on their casters with a protective cardboard sleeve that slides down over the top. The workspaces roll on the truck and into place with no assembly. Once in place less than a minute of set-up is required. To calculate the shipping costs for up to 15 workspaces, pick the Province or State from the dropdown bar and the freight charges will appear. Freight charges are net and are inclusive of all fuel surcharges taxes are extra. If your order is over 15 workspaces, please email robway@swiftspaceinc.com for a freight quote.

The published freight charges are for dock delivery only. Dealers need to check with their customers to determine if they will roll the stations into place and unfold themselves or if they need to arrange and charge for inside delivery. Also, rates are for shipments to customers in urban areas. Shipments to rural areas and Northern Canada may require additional charges. If in doubt, please contact your local Sales Representative.

Special freight quotes are required for shipments to: Alaska, Hawaii, Northwest Territories, Nunavut, and Yukon.

(Note- Ontario rates only apply for ship-to locations located within a 200kms. driving distance from the 401-highway corridor)
