

## Dual Surface Mounted - Height Adjustable Arms

### Features & Benefits

Best in class arm provides 26.0" of reach with 13.0" of usable height adjustment.

Visually appealing pole-less monitor arm folds into a 4-3/8" area for more desk space in smaller work environments.

Tool-less clamp installation makes assembly quick and easy.

Flexibility and more options for the end user with a simple, easy-to-use Allen wrench adjustment to counterbalance the weight of the monitor.

With a clamping range of 0" to 2-5/8" (clamp) that is standard for the Xtend, this new arm will fit to any work surface.

Enclosed cable management system hides cables

Counterbalanced spring technology allows for 2 to 20 lbs load maximum (max 10 lbs per screen)

Clamp and grommet mounting options.

Dual Crossbar holds monitors up to 22.0" horizontal width each.

Preset 15° parabolic array provides easier viewing, reducing eye strain.

Adjustable face plates with tool-less thumb knobs for quick and easy adjustments & installation

The arm swivels 360° around the base, increasing the options for display position.

Choice of colors – silver, white or black

Made in USA- TAA compliant. Meets GSA bid requirement.
