

# SWIFTSPEACE | FLIP

## BENEFITS

Swiftspace is designed for flexibility, productivity, reducing costs, saving time and removing pain-points.

No loose parts to manage.

Minimal tools required.

No installers needed - it's DIY easy.

Reduce costs.

Installs in minutes, not hours

No punch list saves time.

## Scope of Product

---

Flip is a study carrel configuration that can be transformed to a table without the use of any tools. It is non-folding but fits through standard doorways\* and comes available in various widths.

## Breadth of Offering

---

- Flip comes in widths of 24" (610mm), 36" (914mm), 48" (1219mm) and 60" (1524mm).
- Flip comes standard at 52" (1321mm) high.
- Flip stations are 30" (762mm) deep overall in the upright position.
- Flip comes standard with a 5" (127mm) shelf that can be used in the upright (study carrel) position.
- Ezo sound-dampening can be added to the inside of the upper back panel and sides. Ezo privacy panel can also be added to the table position to provide privacy for each user. Whiteboard back panel available.
- Storage options include freestanding pedestals and towers.

## System Engineering

---

- Flip is designed to fit through doorways and so does not fold up.

## Construction

---

- Flip stations are constructed using .75" (19.05mm) thick high pressure laminate with a 45lb density particleboard core, .08" (2.032mm) edging.

## Installation and Warranty

---

- Can be installed or serviced directly by the user or any common furniture installer and not violate or void any product warranty. Installation will not require any tools or professional training.
- **Station ships fully assembled; the entire station will be one unit with no separate pieces\***, except for any mobile storage or some accessories that are to be attached after installation.
- For product warranty please see Conditions of Sale, Return Policy, and Warranty in the Specification and Price Guide

## Electrical

---

- A detachable power bar with 6 electrical outlets and 4 USB ports is available. The power bar can be plugged into any regular outlet to give 15 amps of power and is accessible in both upright and table positions (when ordered station is fitted with metal mounting plate).

*\*Key Product Feature*

*\*\*All Swiftspace workstations have been tested and meet ANSI/BIFMA standards.*
