SWIFTSPACE | AMP

AGILE, MOBILE, PRIVATE

The Swiftspace AMP combines all the features you trust from Swiftspace at a lower cost. We've kept the mobility, flexibility, and ease of assembly while cutting any excess to bring you a station that meets your needs and budget.

AMP is built with intergrated privacy walls to create a private workstation. Built and shipped on casters, the AMP is a mobile station for quick installs and reconfigurations.

AMP can be built and shipped in 9 business days.

UNLOCK YOUR REAL ESTATE POTENTIAL

AMP workstations redefine real estate optimization by folding to 15% of their open footprint, offering unparalleled mobility and adaptability. With the ability to create various configurations, from fully private to open collaboration the AMP can help you make the most of your spacec. The ability to add inegrated power troughs mean you can route power while maintaining visual order. The addition of mobile storage solutions such as pedestals offers an additional level of functionality.
